Samuel Girma

Objective

Dynamic Computer Science student with expertise in web development, graphic design, and data scraping, eager to contribute technical and creative skills to innovative tech projects.

Education

2022–Present **BSc in Computer Science (3rd Year)**, *American College of Technology*, Addis Ababa, Ethiopia
Relevant coursework: Programming in Java, C++, Python; Data Structures; Algorithms

2019–2022 **High School Diploma**, *Falcon Academy*, Addis Ababa, Ethiopia
Graduated with honors

Experience

2024–Present **Web Scraper**, *Freelance*, Addis Ababa, Ethiopia
- Utilized Octoparse to extract data efficiently for various projects, supporting data-driven decision-making.

2023–Present **Web Developer**, *Freelance*, Addis Ababa, Ethiopia
- Developed responsive and user-friendly websites, enhancing client digital presence.

2023–Present **Computer Maintenance Technician**, *Freelance*, Addis Ababa, Ethiopia
- Ensured optimal system performance by troubleshooting hardware and software issues for clients.

Projects

2024 **Graphic Design for College Events**, *American College of Technology*, Addis Ababa, Ethiopia
- Designed posters and digital artwork using Figma, Adobe Photoshop, and Adobe Illustrator for college events, boosting event visibility.

2024 **Web Scraping & Data Analysis**, *Freelance*, Addis Ababa, Ethiopia
- Built Python and Octoparse-based scripts to scrape and analyze web data, delivering actionable insights for research projects.

Skills

Programming	Java, C++, Python
Graphic Design	Figma, Adobe Photoshop, Adobe Illustrator
Data Analysis	Web scraping (Octoparse), data analysis
Web Development	Responsive web design, UI/UX optimization
Languages	English (Fluent), Amharic (Fluent), Arabic (Listening comprehension)

Certifications

2025 Huawei Computer Networks (CRA Training Program)

Huawei

Addis Ababa, Ethiopia
